

SUPER XL

The new patented technology cube

Has the highest level locking, Which provides advanced protection technology is protected by patent.

120,000 Possible Key changes

With patented key element floating **cube** produced in Israel by Astron Engineering Enterprise LTD.(Yardeni).

High Security is inaccessible quiet.

Allows to our customers to enjoy with top Security product, luxury, safety and the highest quality.

Solution Features

Cylinder Israeli Standards - (SI 950) of the Standards Institute. European standards EN 1303 type at the highest level.

The product is suitable for making master systems and sophisticated Grand Master.

Protection against drilling

The raw materials produced in Israel, are used in the manufacture Cylinder carefully selected and tested by the best engineers who take care of the highest quality standards and a material abrasion and corrosion resistance.
